

Overview of KONE Residential Flow

1 User roles:

(A) Administrator - adds main users and managed users with KONE Flow Manager, administrates KONE Residential Flow [typically the facility manager of the building]

(B) Main user - adds sub-users and visitors with KONE Flow, lives in an apartment, uses KONE Residential Flow

(C) Sub-user - lives in an apartment, uses KONE Residential Flow with KONE Flow, key tag, or audio only phone.

(D) Visitor - uses KONE Residential Flow with key code or by making intercom calls from the intercom.

(E) Managed user - uses KONE Residential Flow with KONE Flow or key tags if added to the system by administrator.

(2) Intercom unit with access reader

(3) Access reader

When activated with a smartphone key or key tag, an access reader opens the door.

(4) Smartphone key

KONE Flow application works as a smartphone key to open doors.

(5) Key tag

An electronic key that is authorized to open doors.

(6) Video call

When a visitor presses a contact name on the intercom, the intercom makes a video call to the user.

Requires the user to have the KONE Flow application.

(7) Audio call

When a visitor presses a contact name on the intercom, the intercom makes an audio call if the user does not have the KONE Flow application.

(8) Facility

A facility is an area of a site, for example, an apartment, penthouse, sauna, bike storage, or any place that needs access and permission management.

(9) Automatic elevator call

The elevator can pick up users automatically when they open the main door with smartphone key, or visitors if the main door is opened during an intercom video call for them.

Onboarding

Share key tags.
Available in the starter kit from your administrator.

Activate your account and install KONE Flow.

The link to activate your account is in the email you have received from your administrator.

Note: Search for "KONE Flow" and check your spam folder.

Main user

1.

Log in to KONE Flow.

Password is created using the link in the activation email you have received from your administrator.

Note: Search for "KONE Flow" and check your spam folder.

2.

Complete the setup wizard to:

- Register your smartphone as a key
- Register your key tag
- Add your name to the intercom

Note: If you do not live in the apartment (landlords), disable features during the setup wizard.

3.

Tap LET'S GO.

Create activation emails to sub-users using Users tab.

You are ready to use KONE Residential Flow.

Sub-user

4.
